Charging

### Charging set MODE 2

000 054 412AM  
000 054 412AP | UK, Ireland, Malta, Cyprus  
The MODE 2 charging set is designed for home charging and represents a great solution for customers who need to charge their car from regular "home" socket.  
Set includes MODE 2 cable (complete) and charging cable cleaner.

### Charging set MODE 3

000 054 412BF  
The MODE 3 set is designed for public chargers and is an alternative for those stations that are not fitted with suitable (compatible) charging cable.  
Set includes MODE 3 cable and charging cable cleaner.

### Charging cable bag

000 087 317BQ  
A practical accessory for any electric car, used for carrying the charging cable.

### Charging cable cleaner

000 096 150F  
000 096 356G | spare sponges  
The charger cable cleaner is used for cleaning and/or drying the cable before placing it in the interior of the car or a bag.

Škoda Genuine Accessories are offered by Škoda as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and Škoda Auto reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range.

Please contact your Škoda Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice. Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO<sub>2</sub> emissions and other performance parameters. Škoda Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
